WHERE IT GOES

This part in colour, its neighbours in grey

HOW TO MAKE IT AND HOW IT FITS

Cap 26 long, 44 wide, half-round 25 seat, 6 under the boom.

Two 4.5 holes, 17 either side of the centre line, for M4 x 20 bolts into the pylon inserts.

Line the seat with 1 mm rubber tape so the cap grips the boom without crushing it.

KITEWRIGHT RANGE
